

Marijuana for Medical Purposes

Standards of Practice of the Yukon Medical Council (“the Council”) are the minimum standards of professional behavior and ethical conduct expected of all physicians registered in the Yukon. Standards of Practice are enforceable under the *Yukon Medical Professionals Act* and will be referenced in the management of complaints and in discipline

Health Canada has approved the use of marijuana for medical purposes. Physicians have the choice to treat or not to treat their patient’s medical condition or symptom(s) with marijuana.

- (1) A physician who chooses not to treat patient’s medical condition or symptom(s) with marijuana should do so in accordance with the [Code of Ethics](#) and Standard [Moral or Religious Beliefs Affecting Medical Care](#).
- (2) A physician who chooses to treat patients with marijuana must:
 - (a) register with the Council as an authorizer of marijuana for medical purposes;
 - (b) attempt to find conventional therapies effective in treating the patient’s medical condition or symptom(s);
 - (c) assess the patient’s risk of addiction using a standard addiction risk tool;
 - (d) receive informed consent in accordance with Standard *Informed Consent*;
 - (e) review available prescription databases to obtain a patient medication profile;
 - (f) comply with federal regulations, including Health Canada’s *Information for Health Care Professionals*; and
